

New At Green Life!

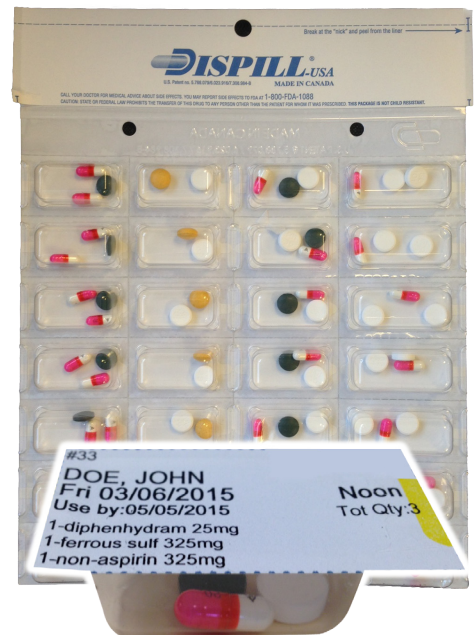

This packaging is designed to help your patients take the right medications at the right time - giving them one less thing to worry about.

Missing even one medication dose, can have serious complications on an individual's health, that can lead to hospitalization, additional health issues, or even death.

Over 21% of all drug-related health complications are caused by patients failing to adhere to their medication regimens, whether by accident, negligence, or intent.

Packaging Features:

- Easy-to-use weekly bubble packs
- Pick-up, delivery or mail-out
- Most major insurance programs accepted

Call us at **718-282-6100**, and talk with a staff member today to see if this packaging is right for your patients!
